

4<sup>TH</sup> INTERNATIONAL CONFERENCE

# Adriatic Biodiversity Protection

AdriBioPro 2026 · Institute of Marine Biology, University of Montenegro

DATES

22 – 25 September 2026

LOCATION

Kotor, Montenegro

ORGANIZER

Institute of Marine Biology, UoM

## Exploring the Future of Adriatic Marine Ecosystems

Join us at the 4<sup>th</sup> International Conference AdriBioPro 2026, continuing the mission to foster regional cooperation, scientific excellence, and sustainable blue growth in the Adriatic region. Bringing together scientists, policymakers, stakeholders, and industry representatives, the conference will emphasize knowledge-based governance, technological innovation, and cross-border collaboration to address key challenges such as pollution, invasive species, fisheries management, and the effects of climate change on marine ecosystems. Through plenary lectures, thematic sessions, and networking events, AdriBioPro 2026 aims to strengthen the connection between science, policy, and society — promoting collective action for a resilient and biodiverse Adriatic Sea.

### CONFERENCE THEMES

- T1 Biodiversity, Ecosystem Functioning, Invasive Species & Conservation
- T2 Fisheries, Aquaculture & Sustainable Resource Management
- T3 Pollution, Ecosystem Health & Climate Resilience
- T4 Marine Monitoring, Technology & Research Innovation
- T5 Education, Communication & Public Awareness

### IMPORTANT DATES

- **15 June 2026**  
Abstract Submission Deadline
- **1 July 2026**  
Confirmation of Abstract Acceptance
- **Until 1 July 2026**  
Early Bird Registration

### CONFERENCE VENUES
