MED PPI Platform from Prominent MED

The Prominent MED project has created the MED PPI Network that brings together all actors with an interest in innovation procurement including local authorities, public bodies, SMEs, experts and academia. The network provides virtual meetings, networking, learning and peer exchange space to enhance understanding and capability, build collaborative partnerships and support the wider uptake of pro-innovation approaches to public procurement in the MED region and beyond. Also, a LinkedIn group has been established to ease the attraction of the triple helix actors of the MED Area.

Chebec Day in Valencia

November 22, 2018

What are the limitations, risks and opportunities presented by the internationalisation of the Valencian cultural sector? Is internationalisation a matter of interest to SMEs? What aid and resources exist to finance and promote these actions? To answer these questions and present the open call for the internationalisation of cultural organisations, Valencia University, partner of Chebec project, organized a conference last November 22 in Valencia.
